

WILSON WILL FIX PROFITS; COAL PRICE HERE FIGURED

WHOLESALE TO BE ALLOWED 20 CENTS

President Wilson Will Fix Retailer's Profit at Fifty Cents a Ton Over All Expenses

FUEL DIRECTOR IS NAMED

H. A. Garfield, President of Williams College, Accepts—Prices at the Mine Are Fixed

(By United Press.)
Washington, Aug. 22.—Events shaped rapidly today towards relieving the coal shortage and high prices for fuel throughout the country. Tentative prices average about \$2.23 a ton for home size fixed by President Wilson for coal at the mouth of every bituminous mine went into effect today. Prices to retailers and consumers will follow shortly.

H. A. Garfield, president of Williams College and now chairman of the wheat price fixing board, has accepted the position as fuel dictator, forecast by the United Press.

The rate of profit to be fixed by the president is to be 20 cents a ton for wholesalers and fifty cents a ton for retailers. This added to the president's price at the mouth of the mine in the 29 coal districts of the country together with railway freight and expense of local delivery will afford every city a working basis for figuring the coal cost to the home.

Bituminous coal prices were fixed for every mine in the United States last night by President Wilson.

Prices were set on cost of production estimates furnished by the federal trade commission after months of exhaustive investigation. The country is divided into twenty-nine districts and every producer in a district will market his output at the same price.

The prices named for run of mine coal in the large producing districts average slightly more than \$2. In a few districts they are below that figure and in the western territory they are higher. Washington state is highest with \$3.25.

The president's statement said: "The following scale of prices is prescribed for bituminous coal at the mine in the several coal-producing districts. It is provisional only. It is subject to reconsideration when the whole method of administering the fuel supplies of the country shall have been satisfactorily organized and put into operation. Subsequent measures will have as their object a fair and equitable control of the distribution of the supply and of the prices not only at the mines, but also in the hands of the middlemen and the retailers.

"The prices provisionally fixed here are fixed by me under the provisions of the recent act of congress regarding the administering the food supply of the country, which also conferred upon the executive control of the fuel supply. They are based upon the actual cost of production and are deemed to be not only fair and just, but liberal as well. Under them the industry should nowhere lack stimulation."

The prices fixed range from 20 to 35 per cent under the maximum price of \$3 fixed by government officials and operators at a conference here more than a month ago. The \$3 price agreement, however, did not hold, as many operators refused to abide by it after Secretary Baker, as president of the Council of National Defense, repudiated it as too

Plan to Call Legislature Is Abandoned

President's Action in Fixing Price of Coal Will Make Special Session of General Assembly Unnecessary at Present Time, Governor Says.

WILSON'S PLANS APPROVED

(By United Press.)

Work To Lower Coal Price Puts Goodrich in Hospital

Indianapolis, Ind., Aug. 22.—Suffering from a nervous breakdown and stomach disorders, Governor James P. Goodrich is confined to the Methodist hospital today. Specialists who are attending him declared that the governor's condition is not serious. Governor Goodrich's illness is believed to have been caused by his strenuous work in behalf of lower coal prices during the past few weeks.

Indianapolis, Ind., Aug. 22.—Governor Goodrich today abandoned temporarily at least, his plan for calling the Indiana legislature into extra session.

The president's action in fixing the price of coal will make the session of the legislature unnecessary at the present time, the Governor declared.

In a statement shortly before noon, the governor voiced emphatic approval of the president's action. Prices fixed for Indiana will encourage production rather than hamper it, the governor declared.

"Indiana with the entire country approves without reservation the step that has been taken by the president in fixing the price of coal," the governor's statement said. "The prices which he has fixed for Indiana and other bituminous fields is a fair price. It will yield a reasonable profit to the operators and to the consumer it will refute the prices which have been characterized as 'outrageous.' This step taken by the president will make unnecessary at least for the time being the calling of a special session of the Indiana legislature. Conditions may arise which may necessitate a special session but for a month at least the matter will be laid aside from our consideration. With what must be considered a fair price for coal I advise all of our people to begin to lay in a coal supply for this winter."

high. Prices recently have ranged far above the \$3 limit.

The fixing of prices was the president's second step in the direction of coal control and was taken under authority given the executive in an amendment to the food control bill. The first was taken yesterday, when the president named Robert S. Lovett as director of transportation and approved an order issued by Mr. Lovett directing that coal shipments to the northwest be given preference over other goods.

Last night and today's action was taken as an indication that the president has abandoned a plan originally considered which called for government requisitioning of the output of all mines, with the government selling the product to the public. This procedure was strongly recommended by the federal trade

VIRGINIA COAL TO COST ABOUT \$5.50

Local Dealers Say That a Premium Product is About The Only Kind Sold Locally

BROUGHT \$7 LAST WINTER

Prices Fixed for Bituminous Coal Only—Anthracite 50 Cents to \$1 Higher Than Ordinary

The announcement from Washington today that President Wilson will fix the coal wholesaler's net profit at twenty cents a ton and the retailer's net profit at fifty cents a ton makes it possible to estimate approximately what the price of coal will be here next winter.

The new regulations indicate that Virginia coal will cost about \$5.50 a ton. It may be something under that figure or it may be over that amount. Last winter Pocahontas, a good grade of Virginia coal, was selling for \$5.00 in October; by November it was up to \$6.00 and by the first of January, \$7.00.

Local coal dealers handle no bituminous coal except that from Virginia, when they can get it. There were times last winter when they could not buy it and as a result some Indiana coal was shipped in. They say that people will not buy Indiana coal here. Coal mined in this state is not used here except by factories and a few others who buy in car load lots direct.

The prices fixed by the president deal only with bituminous coal. There has been no attempt thus far to regulate the price of anthracite and coal dealers here do not believe that there will be. They say that the price of hard coal is only about fifty cents to a dollar a ton higher than the ordinary price.

Coal in prepared sizes is listed at the Virginia mines at \$2.25 a ton. The freight will range from \$1.70 to \$1.80 a ton. The wholesaler is entitled to twenty cents a ton and the retailer will add on from fifty to sixty cents a ton overhead expenses, which will cover losses in shipment and handling. Then there should be added to that fifty cents a ton net profit which President Wilson will allow the retailer. Counting the maximum in each case, this makes the sum of \$5.35.

One Rushville coal dealer said today that all retailers here bought what was known as a premium coal from Virginia mines, which cost about twenty cents more on the ton. If this extra is still added, it would bring this kind of coal to \$5.50 or more.

In case any Indiana coal in prepared sizes is used, it will cost from \$4.25 to \$4.50 a ton. The price at the mines is fixed at \$2.20 and all additional costs would be the same, with the exception of freight, which ranges from sixty to eighty cents a ton, according to the district from which it comes.

ONE KILLED; TWENTY INJURED

(By United Press.)

Toledo, Ohio, Aug. 22.—One man was killed and 20 injured six probably fatally when a Toledo and Ohio Central excursion train from Columbus jumped the track near Lime City, ten miles south of here today. The dead man was a member of the train crew. The excursion train was crowded with grocers from Columbus and other towns.

BOY SENT TO PLAINFIELD

Eddie Gilson, 15, Robbed Savings Bank—Girl Sent to Home.

Eddie Gilson, 15, son of Mrs. Blanche Gilson, was sent to the Boys' School at Plainfield today in juvenile court on a charge of petit larceny. Young Gilson about a month ago broke into the home of Lewis Hunter and obtained \$2.10 in pennies from a small savings bank.

Flora Louise Lafara, adopted daughter of Mr. and Mrs. Will Lafara, was made a ward of the court and sent to the Gordon's Orphans' home at Shelbyville.

CO. B REACHES HATTIESBURG

Local Unit First of National Guard Troops to Arrive at a Permanent Camp.

REACHES THERE EARLY TODAY

Private W. D. English Describes Trip Down in Letter Mailed at Memphis Yesterday.

(By United Press.)

Camp Shelby, Hattiesburg, Miss., Aug. 22.—One hundred and forty-five men and three officers comprising Company B, Fourth Indiana Infantry of Rushville arrived early today at Camp Shelby. So far as is known they are the first of the national guard troops to arrive at a permanent camp or cantonment for training.

Four hundred and fifty Kentucky troops arrived this afternoon.

Editor's note—The following communication from Private W. D. English was mailed yesterday from Memphis, Tenn., at 11:30 a. m. The special train carrying Company B, Fourth Infantry made exceptionally good time for a troop train. The Republican will print articles frequently by Private English regarding the activities at Camp Shelby.

On Board Company B's Special Train, Aug. 21.—After riding all night we are now going through the best part of Tennessee. The country is good to look at but about the only white articles to see is the whitewash on the buildings. They don't seem to use much paint in this country.

We had our breakfast this morning in Kentucky and consisted of corn beef hash, commonly called "embalmed beef" in the army, bananas, oranges and strawberry preserves, the latter of which made us all think of Rush county and the good people there.

I think at this time, after having mentioned breakfast that it is a good time to thank the people of Rush county for the good dinner served us and also for the lunches that were put up for us, as they were certainly appreciated. We will stop in Memphis, Tenn., at eleven-thirty o'clock and have mess.

The cook car has been fitted up and the only trouble is for the cooks to stay on their feet and not upset the food.

Everyone seems to be in good spirits and either spends the time writing letters and cards home or having fun out of some other fellow. One good-hearted fellow was sent from one end of the train to the other looking for some pink radium to use as a disinfectant.

Several of the men seem to think that the cotton plants are potatoes. We are now pulling into Memphis so I will next write from Camp Shelby.

Rome, Aug. 22.—Prisoners in General Cadorna's offensive reached a total of more than 13,000 men this afternoon. The war office announced 30 guns and a great quantity of supplies had been taken.

PROTESTS AGAINST PARKING OF AUTOS

Harry G. Francis Appears Before Council, Calling Attention to Aggravating Practice

URGES SOMETHING BE DONE

Fixing of Tax Levy Postponed to Aug. 31—May be Reduced Five Cents For 1918

A strong protest against the parking of automobiles in front of the business houses in Main street, especially on Saturday nights, was made to the city council last night by Harry G. Francis, of the Charles E. Francis Company.

"This practice," said Mr. Francis, "is making a very aggravating condition to autos and other vehicles passing along these streets, particularly on Saturday night or special occasions. It is not fair or just to others entitled to the use of the streets and is not fair to the merchants as it prevents their stores from being easily accessible as they should be and certainly works to their detriment although they may not complain for fear of losing trade. The autos should be compelled to park on side streets and around the court house. The law requiring the use of dimmers or special glass for headlights should also be enforced especially in the business district."

Mr. Francis stated that last Saturday night he was compelled to walk back a distance of one and one-half squares in order to do his trading at a certain store because he was unable to drive up in front of this store.

The automobile parking trouble has been up before the council many times, but thus far a solution of the problem has not been made. It was suggested last night that the same plan be followed as is used at Kokomo. There the machines are all parked around the court house, using only the side next to the building. The autos are placed eighteen inches apart and are compelled to park straight into the curb. No action was taken last night, but the council agreed that it was a problem that would have to be met sooner or later and some plan may be agreed to before long.

Last night was the original date set for the establishing of the city tax levy and annual budget, but as the county auditor failed to certify the amount of taxables in the city on which the city can levy, the matter was postponed until Friday night, August 31. In the meantime the finance committees will work on the budget and have everything in shape to pass the tax levy. The present city levy is \$1.15. This may be reduced five cents.

The leak in the gas mains in Main street is again bothering the city and as a result the street lights have not been lighted for the past two weeks. The state gas inspector will be notified once more and an effort made to find out where the leak is. The condition as it exists is dangerous.

The Eleventh street paving trouble was threshed out, the council coming to an understanding that A. L. Tribble, the contractor should go ahead with the work. Under the plans the street made a turn and in doing so took about 18 inches of the city's property. The council believed it was too late to remedy the fault.

The Big Four railway which has been obtaining city water for its engines, asked the city to figure on supplying the company with river water. The water bill of the railroad amounts to about \$5 a day under the present arrangement and a change will be necessary. The water and light committee will investigate.

The water and light committee was also empowered to purchase a

WARN AGAINST FALSEHOOD IN AN AFFIDAVIT

Members of County Selection Board Say They Must Notify Federal Officials.

TWO INSTANCES LOCALLY

Both Will Likely be Withdrawn, it is Stated—Severe Penalties Are Provided.

QUOTA IS PROBABLY PASSED

Twenty of First Twenty-Two Men Pass, Most of Them Being Men With Claims For Exemption

ACTION BY BOARD

The official action of the board in examining the second group of men on the third call yesterday will be found on page two today.

The county selection board today called attention to the seriousness of signing an affidavit filed by a claimant for exemption from the draft, in which false statements are made.

The board has specific instructions to call the attention of the federal authorities to cases where it is known affidavits containing falsehoods have been signed and placed on file.

The penalties are heavy, both for the claimant and the person signing the affidavit. They are given in full on the back side of the affidavit.

In one instance a penalty of imprisonment for one year is provided and court martial if the person is of draft age. In case of conspiracies a fine of \$10,000 or imprisonment for two years or both are provided. Persons found guilty of perjury in connection with the signing of an affidavit are subject to a fine of \$2,000, and imprisonment of not more than five years.

The board today authorized the statement that two affidavits have been filed in which it was known false statements have been made. The board is obligated by its oath to report these to federal authorities. It is stated that these two affidavits in question will most likely be withdrawn.

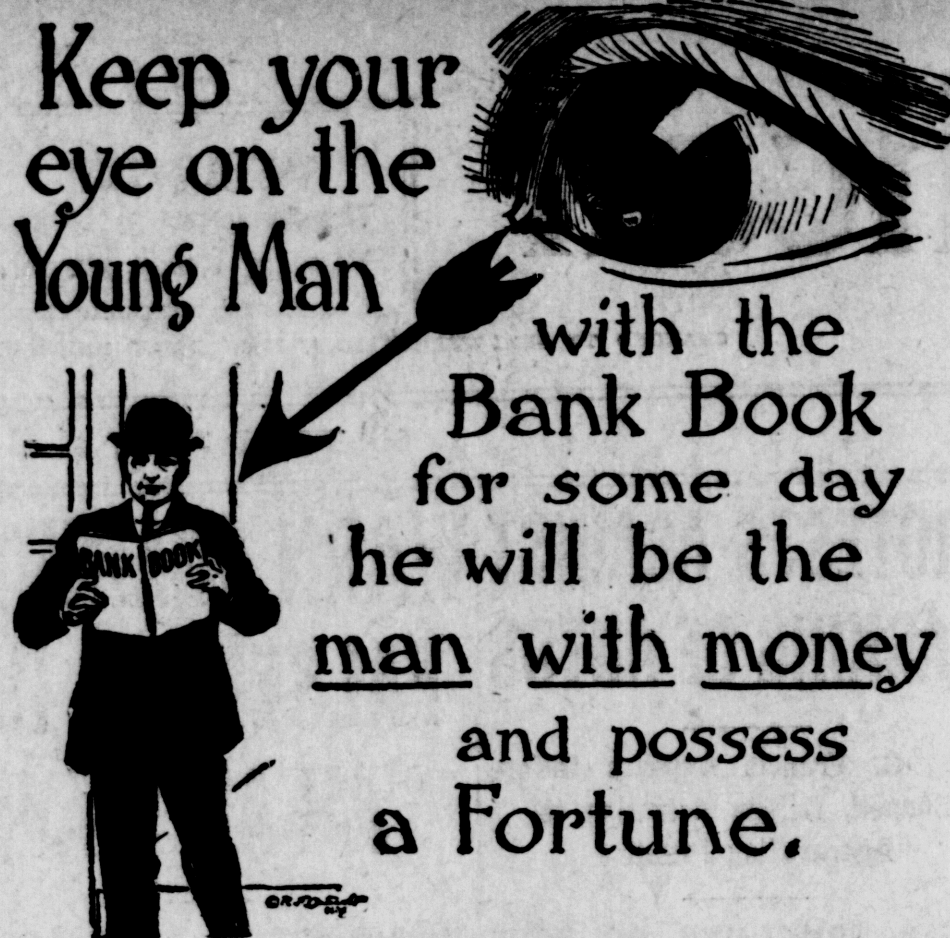

All affidavits before the board will be examined by the district board and if in other cases falsehoods are discovered, the person making them as well as the person signing the affidavit is liable to punishment. The Indianapolis district board announced today it would prosecute.

The local exemption board finished work of examining the last forty men this afternoon included in the third call. Indications are that the county has passed its quota and the men examined and passed will be held for the next draft in the order in which they were drawn.

A total of twenty-two men had been examined up until noon today. Of these twenty-two all passed the physical test with the exception of two men—Louis C. Hiner of this city and William H. Brown of Falmouth. It is expected that the board will take up some of the exemption claims tomorrow.

The twenty men who had passed the examination today were as follows: Porter Winegard, Rushville; Lewis D. Coen, Manilla; Robert R. Knights, Rushville; Dora Gwinnup, Rushville; Darley Wendling, Manilla; Vern Dolan, Falmouth; John Heckman, Rushville; Orba N. Warlick, Rushville; Denzil C. Hill, Rushville; Edwin A. Tarppee, New Salem; Jess G. French, New Salem; Henry J. Lingg, Glenwood; Dolph T. White, Rushville; Jesse A. Wall, New Salem; Robert Tatlock, Rush-

FIRST UTTERANCE SINCE PEACE PLAN

Washington, Aug. 22.—The first formal utterances from any member of the president's cabinet since the pope's peace proposal was received, came today in a scathing denunciation of the peace movement launched in this country. Secretary of Commerce Redfield was the spokesman.

Germany he styled a desperado among nations and declared it was against her militant autocracy that America was fighting.

"In this terrible combat democracy trembles on the edge of disaster," the secretary wrote to a member of the pacifist organization.

MRS. RICHARD FLOYD DIES

Expires at 10:30 This Morning From Spinal Meningitis

Mrs. Maude Floyd, colored, 30 years old, wife of Richard Floyd, died this morning at 10:30 o'clock at her home in West Seventh street, following an illness of twelve weeks from tubercular meningitis. Mrs. Floyd had been in a critical condition for some time and her death was expected. Besides her husband she is survived by her parents, Mr. and Mrs. Hamilton Overton and one brother, Thomas Overton. The funeral services will be conducted at the Second Baptist church Friday afternoon at two o'clock and burial will take place in East Hill cemetery.

AUSTRIA'S TOLL 35,000

With the Italian Army, Aug. 28.—Austria's terrible toll of casualties in the Italian advance today reached 35,000 in dead and wounded according to headquarters estimates.

Italian troops have swept the enemy from five villages. All were found smoking heaps of ruins burned by the Austrians and shattered by artillery fire.

DRUG STORE IS CLOSED

WARN AGAINST FALSEHOOD IN AN AFFIDAVIT

Continued from Page 1.

ville; Herbert Stevens, New Salem; Orville H. Porter, Rushville; Lewis J. Sadler, Rushville.

The usual large number of claims for exemption were filed, as a large part of the men were married.

Yesterday's examinations resulted in five men being passed who filed no claims for exemption; twenty-eight passed who filed claims and discharge of four men. Thirty-seven were examined. Only one man failed to appear—Charles Napot required to appear for examination of this city. Naden is said to be out with some race horses at the county fairs. If he does not appear for examination within ten days his name will be certified for service in the army, as is provided by the rules and regulations.

Two men on yesterday's list are in the service and therefore were not required to appear for examination.

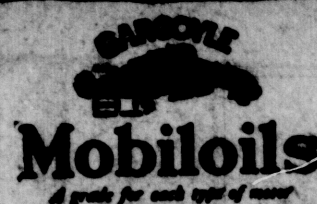

The only word today from the district board, in session at Port Wayne, was a request that all papers sent to the board contain both the order number and the red ink serial number. The attention of attorneys was called to this request. With both the order number and the serial number the district board can accomplish its work easier.

A striking contrast in the manner of the draftees is shown in a communication from Local Board, No. 5 at Indianapolis on the examination of William Gross of Carthage. Gross received permission to be examined in Indianapolis. He was rejected, but asked for waivers on the examination, stating he desired to go to war. The result of his examination was certified to the local board with the recommendation that there was no way Gross could "waive" himself into the army. His attitude is quite different to many of the men examined.

The first claim for exemption from an ordained minister has been made to the local board. The Rev. Omar H. Folger, a minister of the Friends church in Carthage passed the physical examination and then filed a claim for exemption on the grounds of being an ordained minister.

Thus far only one man has filed a claim because of religious prejudices. This was Jesse L. Ruefenacht, who says he is a member of the Church of God, which church does not approve of war. Ruefenacht evidently did not believe the claim would have much weight with the board for he immediately filed a claim on the grounds of dependency.

—Mr. and Mrs. William Prendergast of New York attended the military dance here last evening.

—Norman Reed left for Rantoul, Ill., this morning for an extended visit with relatives and friends.

—Mrs. Mason and children of New York City are visiting Miss Mary Mason of this city for a few days.

—The Misses Clara Wysong, Jeanette Martindale and Aldene O'Brien of Connersville visited

friends here last evening and attended the military dance.

—D. L. Spivey went to Greensburg today, where he will act as nurse for J. H. Brown, who is very sick.

—Edmund Kelly returned to his home in Chicago today after a week's visit with E. M. Kelly and family.

—The Misses Kathleen Luking and Corinna Schroeder of Connersville visited friends here last evening and attended the dance.

—Mrs. L. A. Carroll of Connersville, who has been visiting here for several days, went to Indianapolis today for a visit.

—Mr. and Mrs. T. M. Hutson of Knightstown visited here today enroute to Connersville, they will visit Mr. and Mrs. Grant Hinchman.

—Mr. and Mrs. Carroll Clifton, Mr. and Mrs. Elsie Hall and daughter Lois and Mrs. Dan O'Keefe motored to Connersville today and attended the fair.

—Miss Fritz returned to her home in Indianapolis this morning after visiting Mrs. John Weiss. Miss Mildred Weiss accompanied her home for a week's visit.

Amusements

The Gem offers Mary Miles Minter is the feature drama, "The Gentle Intruder" for the program tonight. It is said to be a beautiful picture and there are many big scenes. Tomorrow the William Fox feature, "One Touch of Sin," will be shown.

The Princess offers Mabel Talafarro in the feature drama, "The Sunbeam," for the first picture of tonight's program. It is a story of New York life that is said to tell a gripping story. In addition, "Pathe News," will be shown. Tomorrow Earl Williams will be seen in the mystery drama, "Apartment 29."

PLAN COMMUNITY DINNER

The citizens of New Salem are requested to meet in the auditorium there Friday evening at 7:30 o'clock for the purpose of completing the organization for the community dinner which will be held in connection with the bank opening Wednesday, August 29.

Miss Prudence Pope has accepted a position as clerk at the Guffin dry goods store.

Mr. and Mrs. J. W. Etchison of Casey, Ill., have come here for residence for a few months. Mr. Etchison is employed on the Third street improvement work.

35 PER CENT DRAFT AGE. Indianapolis, Aug. 22.—Thirty-five per cent of Indianapolis' policemen are subject to draft according to an estimate today by James Quigley, police chief.

What Wheat Campaign Means

Increasing the wheat acreage in
 Indiana twenty-five per cent means
 the sowing of 2,800,000 acres of
 wheat this fall. Although the acre-
 age seems large, it is not in the
 light of an analysis made in a
 statement from Purdue university.
 There are in Indiana, 215,800
 farms. If the above wheat acreage
 were equally distributed, there
 would be only 13.4 acres on each
 farm. The average farm contains
 98 acres. If we discard 40 per cent
 of the land as being unsuited to
 wheat production we could grow
 3,000,000 acres and still only grow
 wheat on the same land once every
 four years. Surely this is not too
 often.

Many farmers are now getting
 \$75.00 an acre for their wheat crop.
 There are some, of course, who are
 not doing so well, but on the aver-
 age, farmers of the State are mak-
 ing more money on the wheat crop
 than ever before. This is stimulating
 a great deal of interest and the
 guarantee of \$2.00 per bushel which
 the government has placed on the
 crop to be seeded this fall is suffi-
 cient argument that the wheat is
 needed.

Many farmers who have usually
 grown a large acreage of oats will
 this year sow considerable wheat.
 Many farmers in Benton, Newton
 and White Counties have made this
 decision as is shown by the many
 inquiries about seed that are daily
 coming to J. C. Beavers State Lead-
 er of Wheat Campaign. In these
 sections 60 bushels of oats to the
 acre is considered a good yield. At
 present prices such a crop would be
 worth about \$34.00 an acre. This
 same land will produce 20 and 25
 bushels of wheat to the acre. At
 \$2.00 per bushel wheat is much
 more profitable than oats and for
 this reason a greatly increased
 acreage of wheat will be sown this
 fall.

By sowing some wheat instead of
 all oats, labor is better distributed
 at harvest-time, as wheat is cut
 before oats. It is also easier to
 obtain a good stand of clover in
 wheat than in oats. These are
 points which thinking farmers are
 carefully considering and will add
 much impetus to the increased
 wheat production movement.

Buy in Small Quantities

Buy flour in small quantities and
 protect it carefully from spoilage,
 is the keynote of a suggestion that
 comes from the United States De-
 partment of Agriculture. It is a
 pertinent point in connection with
 the nation wide campaign to save
 one-third of the normal wheat sup-
 ply of the nation.

Sound flour, milled from standard
 wheat, exhibits very little tendency
 to decompose when stored in a prop-
 er manner. Nevertheless there is
 considerable loss of flour through
 spoilage as a result of improper
 storage, particularly during the hot
 summer months.

Housekeepers on the farm and in
 the city should purchase flour in
 accordance with their present needs,
 only, the State Council of Defense
 urges. It is false economy for the
 housekeeper to purchase larger
 amounts of flour than can be used

LIEUT. GREEN IS
ONLY OFFICER LEFT

Captain Don McClelland is Ordered
 to State Fair Grounds Where
 Fourth is Mobilized

EXPECT ORDERS ANY TIME

Officers of Sanitary Detachment,
 However, Will Try to Remain
 Here Until Equipped

Lieutenant Lowell M. Green was
 the only officer above a sergeant
 left with the sanitary detachment
 today since Captain Don McClelland
 was called yesterday afternoon to
 the state fair grounds, where other
 units of the Fourth Regiment, In-
 diana National Guard, are encamped.
 Major Carey, Lieutenants Sam
 Murphy and W. W. Gochanow and
 Sergeant Clifford Gottman were or-
 dered to the fair grounds Satur-
 day, August 11.

Orders are expected momentar-
 ily for the detachment to proceed
 to the fair grounds or Fort Harrison
 where other units of the Fourth
 will be transferred to in a few days.
 However, officers of the detachment
 are trying to hold their men here
 until equipment is received.

It is believed, though, that the
 detachment is likely to be the one
 called because the Fourth is with-
 out a medical unit of any sort at
 the mobilization camp.

There is some talk among officers
 at the fair grounds of the detach-
 ment being sent to Hattiesburg,
 but the belief is uppermost that the
 medical unit will be at the fort for
 a few weeks before proceeding to
 Camp Shelby.

The men of the Fourth at the
 fair grounds are being given their
 second typhoid inoculation this week
 and the smallpox vaccinations which
 proved negative are being given
 again.

Companies of the Fourth are
 rapidly being raised to war
 strength. Many of them entered the
 mobilization camp short a number
 of men. A recruiting campaign is
 being conducted by the regiment in
 Indianapolis and a number of re-
 cruits are being received daily.

One man who applied for enlist-
 ment this week said that he had lost
 three brothers and two sisters in the
 war. His brothers were in the
 British army and his sisters were
 killed in England in Zeppelin night
 raids. He was rejected on account
 of physical disabilities although
 very anxious to go, but declared
 that he was going to try to join
 some base hospital.

within a reasonable length of time.

Any storage of flour in excess of
 the consumer's present need consti-
 tutes hoarding, which under cir-
 cumstances is an unpatriotic and
 reprehensible practice, of no profit
 to the individual who thus offends
 and threatening serious injury to
 the best interests of the country.

"If we eat more than our share
 we eat somebody else's share,"
 reads a poster distributed broad-
 cast in England. It is supplemented
 with the further statement: "Save
 the bread and the bread will save
 you." Both propositions are as
 applicable in Indiana and America
 and it is the hope of the food ad-
 ministrators that it will not be nec-
 essary to make any harsher presen-
 tation of these truths.

A real humorist has been found
 in the person of a registrant who
 broke into the Chicago Tribune
 with the assertion that he expected
 to nominate his wife as a candidate
 for president because by signing
 exemption affidavits on behalf of
 herself and her two babies, she
 kept him out of war.

FARMERS TRUST COMPANY
 RUSHVILLE, INDIANA
 No. 1304
 THIS IS TO CERTIFY THAT John Doe
 has this day deposited with the FARMERS TRUST COMPANY, RUSHVILLE, INDIANA,
One Thousand Dollars, payable to
 the depositor or order Twelve (12) months from date, with interest at the rate of 4%
 per cent. per annum upon the surrender of this Certificate properly indorsed.
 If this deposit is not withdrawn on the date of maturity, a bank draft in payment of accrued interest will be sent on that date to the reg-
 istered holder of this Certificate at the last address given, and this Certificate will be considered renewed for a similar period and on
 the same conditions, and will so continue until presented on a maturity date. The Farmers Trust Company reserves the right to redeem
 this Certificate on any maturity date by giving notice of such intention, in writing, to the registered holder at least sixty (60) days before
 such maturity date.
 DATED January 24, 1917
 RUSHVILLE, INDIANA
FARMERS TRUST COMPANY
Specimen
 PRESIDENT
 SECRETARY

Advantages of Our Self-Renewing Certificates

1. This Certificate can be renewed from time to time by simply HOLDING THE CERTIFICATE and thus make it a permanent investment.
2. It relieves the holder from any annoyance of collecting interest and having the Certificates renewed at every maturity date. We mail you interest check to your last known address on each maturity.
3. This Company will make loans to the face value of the Certificate.
4. There is absolutely no speculative value to these Certificates and they are not affected by the rise and fall of the security market. THEY ARE ALWAYS WORTH PAR.
5. We claim to pay you on this Certificate the highest rate consistent with absolute safety and permanence of the principal.

SOCIAL POSTPONED UNTIL THIS EVENING

Threatening Rain Makes It Necessary to Call Off Festival at Carthage Tuesday Night

SAME PROGRAM FOR TONIGHT

The community social, which was to have been held at Carthage last night, was postponed until tonight on account of the rain. Jack Knecht, chairman of the committee on arrangements, went to Carthage early yesterday afternoon and about seven o'clock in the evening, when rain threatened here, he was called by telephone to learn conditions at Carthage. It was found that a rain was impending there and it was decided best to hold off the festival until tonight.

The delegation will leave here tonight at seven o'clock, just as it had been planned to do last night. The Odd Fellows band will accompany the Rushville crowd and will give a concert. The Christian church congregation at Carthage had made elaborate arrangements and a large crowd was assured before the rain came up. The postponement was advertised in Carthage last night and today and it is expected that a large crowd of people will be on hands tonight. Chauncey Duncan will make a brief talk.

SETS RECORD HIGH PRICE

Perry Gosnell of Orange Township Gets \$19.60 For Hogs

Perry Gosnell, a well known Orange township farmer, holds the record for high hog prices in the Indianapolis market. Monday Gosnell sold 125 head for \$7,178.28. The total weight was 36,680 pounds and they brought the record price of \$19.60 a hundred pounds. The Milroy Stock company shipped the hogs and an Indianapolis commission firm sold them to a packing company at Wheeling, W. Va. The price paid Gosnell is more than has been paid for many a good farm.

PROTESTS AGAINST PARKING OF AUTOS

Continued from Page 1.

new pump for the river service. The pump will cost close to \$500. One pump is now in working order, but for emergencies the second pump is desired.

The council took no action on the purchase of a light chemical truck for the fire department. The members of the council agreed that they should first see one of the trucks in operation before buying.

For the second time no bids were received on the construction of the proposed sewer in the west part of the city. In an effort to get some bids the estimate was raised ten per cent, making it now stand at \$884.50. Bids were readvertised for Sept. 18.

At the close of the session the council cut a melon—watermelon and muskmelon. Councilman Waggoner was "accused" of having sold a piano yesterday and thus the treat. One large watermelon and a half dozen muskmelons were consumed in the feast.

An ice cream social will be held in the G. A. R. hall at Andersonville Friday night, Aug. 24 for the benefit of the Sunday schools of Andersonville. 135tf

DETACHMENT MAKES OVER \$200 ON DANCE

Ball For Benefit of Sanitary Unit's Mess Fund Is Attended by a Large Crowd

USE OF K. OF P. HALL DONATED

The sanitary detachment made over two hundred dollars on the military dance given by the detachment at the Knights of Pythias hall last night for the benefit of their mess fund. Many who bought tickets did not attend, but added their mite to the mess fund by purchasing one. Men of the detachment ran a refreshment stand which cleared money to meet the expense of the music. The use of the hall was donated.

Officers who were commissioned at Fort Benjamin Harrison, here on a short leave, attended. At least a hundred couples were dancing most of the evening to lively music provided by a trio of colored musicians from Indianapolis. One of them entertained by singing comic songs. The one which was the most popular with the crowd of dancers was "Long Boy," a poem by William G. Herschel of the Indianapolis News which has been set to music.

RAINFALL COMES AS BLESSING IN COUNTY

Yield of Corn Increased Because Crop Was Greatly in Need of Moisture, Farmers Say

LIGHTNING HITS STRAW STACK

The rain of last night and today, which fell in all parts of Rush county, came as a blessing because crops were badly in need of moisture. In the opinion of many farmers, the rain increased the yield of corn because this crop in particular was suffering greatly from the lack of it.

In some parts of the county last night there was considerable lightning and thunder, but no damage of any consequence was reported. Lightning struck a straw stack on Cary Patton's farm south of Rushville last night and the stack burned.

Continuation of the rain was predicted today. The weather forecast said there would probably be thunder storms tonight and that tomorrow would probably be partly cloudy accompanied by higher temperature.

Uncle Sam's Thrift Thought For Today

Spread the Meat Flavor

Spread the meat flavor and so economize on the amount of meat consumed, says the United States Department of Agriculture. Here is one way to utilize left-over meat by spreading its flavor.

Meat and Bread-Crumb Cakes

To four parts of chopped or ground meat, add one part soaked bread-crumb, a small quantity of chopped onion, and salt and pepper to taste. Mix and form into small round cakes. Brown the cakes in butter or other fat, turning them.

Raw ground meat may be used. If so the pan should be covered so that greater heat will be applied.

"More Workers" is Call Red Cross Issues to Women Here

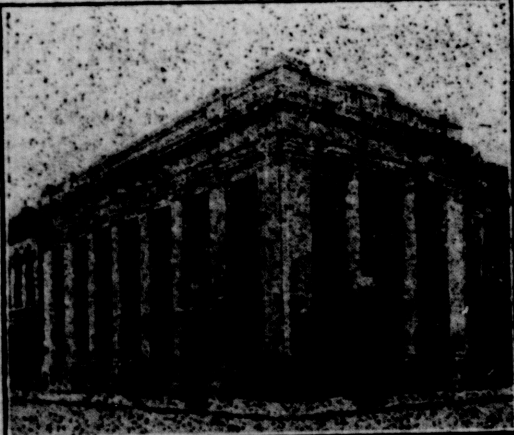

"More workers" is the call of the local Red Cross chapter to the women of Rushville. To do your bit as a worker means to go to the Red Cross headquarters at the Masonic Temple and sew any or every afternoon for a short or long period of time. There is absolutely no responsibility attached to you offering your services. The work is carefully planned and your part will be explained to you so that it will be comparatively easy. In view of the great need for supplies immediately, the number of workers at the headquarters for the past few weeks has not been what it should be. All of the women of Rushville are urged to respond to the call. The rooms are open every afternoon from one o'clock until five, and for those women who know the plan of the work without the supervisors being there, the rooms are open in the mornings.

FIGHT FOR YOUR LIFE

Duty Demands Robust Health
Fight to get it and keep it

Fight—fight day in and day out to prevent being overtaken by ill and ails. Keep wrinkles from marring the cheek and the body from losing its youthful appearance and buoyancy. Fight when ill-health is coming with its pallor and pains, defects and declining powers. Fight to stay its course and drive it off. But fight intelligently. Don't fight without weapons that can win the day for without the intelligent use of effective weapons the pallor spreads and weakness grows and a seemingly strong man or woman oftentimes becomes a prey to ill after all. You will not find this class of persons in the hypoferrin ranks. No unhealthy, dull, draggy, droopy persons in that line. It is a hale, hearty, robust aggregation of quick-stoppers who view life in a joyous frame of mind and are mentally and physically equal to any emergency. Hypoferrin stands for sound body and sound mind—it is the invigorating tonic of the times—powerful and unsurpassed as a health restorer, vitalizer and health preserver. Fight to hold the vigor of a sound body with hypoferrin or to stay the process of decay and restore health and strength—you win. This tonic of amazing, wonder-working properties has been approved by physicians as a restorer and safeguard of health. It is a thoroughly scientific preparation of the very elements necessary to tone up the stomach and nerves, to build strong, vital tissue, make pure blood, firm flesh and solid, active, tireless muscles. Hypoferrin contains these highly strength-producing agents, iron, iron peptonates, in a form best adapted to benefit the body and its organs. Its ingredients are absolutely necessary to the blood. In nine cases out of ten a run-down condition, sallow, pale complexions that "all in" feeling and frail bodies are due to lack of both iron and iron peptonates in the system. Your mental and physical strength and endurance depends upon a healthy and iron peptonate laden blood, steady, dependable nerves and a healthy stomach. With these you can meet life at any angle. This wonder tonic, hypoferrin, which is as perfect as science can get to make, meets every essential demand of the human organism. It is safe and sure and a boon to run-down, worn-out men and women. Hypoferrin means nature's own way of bringing color to the cheeks, strength to the body and keeping the vigor and buoyancy of youth. The power and paint way of efforting beauty is not needed by hypoferrin women and girls. Their blood, filled with nature's beauty stores, creates conditions that give firmness and grace to the body and the glow of health to the cheeks. No need of going through life gloomy and always feeling miserable in this age of medical science. Join the hypoferrin ranks. It puts into you the spring snap and vigor you ought to have and puts life into your body and mind that inspires the confidence that you confront the world on an equal footing with anyone. Hypoferrin may be had at your druggist's or direct from us for \$1.00 per package. It is well worth the price. The Santanel Remedies Co., Cincinnati, Ohio.

Mrs. James Gregg, assisted by Mrs. Selman Webb, Mrs. Charles Worth, Mrs. George Suits of Knightstown and Mrs. Henry Gregg entertained with a military luncheon yesterday evening at six o'clock at her home in North Harrison street. Flags were used in profusion to decorate the entire house and the walls of the dining room were draped in flags. The militant spirit was also shown in the decorations of the table. A large bowl of gladioluses embellished the center of the table and small silk flags marked the places for the following guests: Lieutenant and Mrs. Lowell M. Green, Leland Davis, Samuel Gathman, Joseph Conrad, William Worth, Thomas Foster, Forest Joyce and John Hermansdorfer. The dinner was served in three splendid courses.

Miss Marie Clark entertained with a steak roast last evening at her home in North Sexton street, honoring Miss Marjory Thomas of Omaha, Neb. The party had planned to go to the woods for the affair, but on account of the inclemency of the weather, they gathered at the home of Miss Clark and enjoyed a delightful evening. The guests included the Misses Thomas, Mary Louise Bliss, Phyllis Dean, Marjory Clark, and Harold Wolcott, Howard Stiers, Paul Thorp, Lotus Gartin and Clifford Stevens.

Mr. and Mrs. John A. Tinsworth entertained the members of the Worth While club last evening with a pitch-in supper. After supper the guests whiled the hours away over Rook. The guests included, Mr. and Mrs. S. F. Stewart, Mr. and Mrs. Louis Lambert, Mrs. Jesse Pugh, Mr. and Mrs. G. P. McCarty and the Rev. and Mrs. C. M. Yocum.

The Band of Workers of the First Presbyterian church will sew at the Red Cross headquarters, Thursday afternoon. A large attendance is desired.

Mrs. P. H. Chadwick entertained with a high noon dinner Sunday in honor of Dr. Chadwick's birthday. Dr. Chadwick was completely surprised when he went to the dining room and the guests were seated at the table. A large birthday cake centered the attractive table where covers were laid for Mr. and Mrs. C. Clark, Mr. and Mrs. Raymond Hargrove and Mr. and Mrs. Link Guffin.

Mr. and Mrs. John Wallace entertained with a military luncheon, last evening at their home in West Third street, honoring Wilbur Spivey and Harry Petry. The prettily laid table was centered by a crystal bowl of red, white and blue asters and covers were laid for Mr. and Mrs. Mull Wallace and Harry Petry and Wilbur Spivey.

Honoring their birthdays, which

both occurred yesterday, Miss Alleine Murr and Paul Stewart entertained with a lawn party last evening at the Methodist church in Millroy. About fifty guests were entertained, games and contests being features of the evening. Delicious refreshments were served late in the evening.

Mrs. Charles Frazee entertained two tables of the Tuesday afternoon Bridge club, yesterday at her home in North Main street. Dainty refreshments were served and Mrs. Hillary Haydon will be hostess to the club in two weeks.

The Ladies Aid Society of the Catholic church will meet with Mrs. Joseph Busehmohl, Thursday afternoon at her home in East First street. Mrs. Margaret Bishop will be the assistant hostess.

11 ARE KILLED IN AIR RAID

(By United Press.)

London, Aug. 22.—Ten enemy aeroplanes raided England today dropping bombs over Dover and Margae. Lord French, commander of the patrol forces, announced that two of the German planes had been brought down. The raid occurred at 10:15 o'clock this morning.

This afternoon Lord French announced that 11 persons were killed and 13 injured in the raid.

Notice to Contractors.

Notice is hereby given that the Common Council of the City of Rushville, Indiana, will receive sealed bids or proposals for the construction of an eight inch sanitary sewer from the corner of Second and Washington streets, west to corner of Second and Oliver streets, thence north with an eight inch sewer about one hundred and seventy feet, thence north on Oliver street, with a six-inch sewer to a point about fifty feet south of Third street, according to the drawings, plans and specifications now on file in the office of the City Clerk until 7:30 o'clock p. m. on the 18 day of September, 1917. Each bidder must file with the City Clerk of said City when he files his bid the usual statutory affidavit and deposit with him the sum of (\$100) one hundred dollars as a guaranty that he will accept said bid and carry out the construction of said work. The successful bidder will be required to give a bond with surety approved by the said Common Council, insuring the faithful completion of said work according to the contract.

The Board reserves the right to reject any and all bids and re-advertise for said work.

CARL L. GUNNING, City Clerk.

Aug 22-29

BERLIN SEES NO HOPE FOR PEACE NOW

Dispatches Indicate This Pessimistic View Following Chancellor's Speech

POPE'S MOVE NOT INSPIRED

(By United Press.)

Amsterdam, Aug. 22.—Berlin sees no present hope for peace despite Pope Benedict's plea. Dispatches from Berlin indicate this pessimistic view by the public, following Chancellor Michaelis' speech to the main reichstag committee, portions of which appear in this morning's newspapers.

"The enemy's war aims prove their desire to annihilate Germany," Michaelis was quoted as declaring, "Therefore no present desire for peace exists, up to the present time there has been no effort to deliberate with our allies regarding the pope's note."

Michaelis denied that the pope's note had been inspired by the Central powers and in conclusion he declared that Germany's alliance with Russia was now stronger than ever.

Continued from Page 1.

commission, and up until last night it had been believed it would be the program adopted.

The president's order apparently makes no provision for a pooling arrangement, which had been suggested, under which mines would have been paid for their output on a basis of cost of production plus a percentage of profit. Under this plan all coal in a district would have been sold at the same rate, but the mines would have received compensation based solely on costs.

The plan adopted, officials admitted, will work hardships on a great many of the smaller mines and may force some to close down.

WILSON WILL FIX PROFITS; COAL PRICE HERE FIGURED

WHOLESALE TO BE ALLOWED 20 CENTS

President Wilson Will Fix Retailer's Profit at Fifty Cents a Ton Over All Expenses

FUEL DIRECTOR IS NAMED

H. A. Garfield, President of Williams College, Accepts—Prices at the Mine Are Fixed

(By United Press.)
Washington, Aug. 22.—Events shaped rapidly today towards relieving the coal shortage and high prices for fuel throughout the country. Tentative prices average about \$2.23 a ton for home size fixed by President Wilson for coal at the mouth of every bituminous mine went into effect today. Prices to retailers and consumers will follow shortly.

H. A. Garfield, president of Williams College and now chairman of the wheat price fixing board, has accepted the position as fuel dictator, forecast by the United Press.

The rate of profit to be fixed by the president is to be 20 cents a ton for wholesalers and fifty cents a ton for retailers. This added to the president's price at the mouth of the mine in the 29 coal districts of the country together with railway freight and expense of local delivery will afford every city a working basis for figuring the coal cost to the home.

Bituminous coal prices were fixed for every mine in the United States last night by President Wilson.

Prices were set on cost of production estimates furnished by the federal trade commission after months of exhaustive investigation. The country is divided into twenty-nine districts and every producer in a district will market his output at the same price.

The prices named for run of mine coal in the large producing districts average slightly more than \$2. In a few districts they are below that figure and in the western territory they are higher. Washington state is highest with \$3.25.

The president's statement said: "The following scale of prices is prescribed for bituminous coal at the mine in the several coal-producing districts. It is provisional only. It is subject to reconsideration when the whole method of administering the fuel supplies of the country shall have been satisfactorily organized and put into operation. Subsequent measures will have as their object a fair and equitable control of the distribution of the supply and of the prices not only at the mines, but also in the hands of the middlemen and the retailers."

"The prices provisionally fixed here are fixed by me under the provisions of the recent act of congress regarding the administering the food supply of the country, which also conferred upon the executive control of the fuel supply. They are based upon the actual cost of production and are deemed to be not only fair and just, but liberal as well. Under them the industry should nowhere lack stimulation."

The prices fixed range from 20 to 35 per cent under the maximum price of \$3 fixed by government officials and operators at a conference here more than a month ago. The \$3 price agreement, however, did not hold, as many operators refused to abide by it after Secretary Baker, as president of the Council of National Defense, repudiated it as too

Plan to Call Legislature Is Abandoned

President's Action in Fixing Price of Coal Will Make Special Session of General Assembly Unnecessary at Present Time, Governor Says.

WILSON'S PLANS APPROVED

(By United Press.)

Work To Lower Coal Price Puts Goodrich in Hospital

Indianapolis, Ind., Aug. 22.—Suffering from a nervous breakdown and stomach disorders, Governor James P. Goodrich is confined to the Methodist hospital today. Specialists who are attending him declared that the governor's condition is not serious. Governor Goodrich's illness is believed to have been caused by his strenuous work in behalf of lower coal prices during the past few weeks.

Indianapolis, Ind., Aug. 22.—Governor Goodrich today abandoned temporarily at least, his plan for calling the Indiana legislature into extra session.

The president's action in fixing the price of coal will make the session of the legislature unnecessary at the present time, the Governor declared.

In a statement shortly before noon, the governor voiced emphatic approval of the president's action. Prices fixed for Indiana will encourage production rather than hamper it, the governor declared.

"Indiana with the entire country approves without reservation the step that has been taken by the president in fixing the price of coal," the governor's statement said. "The prices which he has fixed for Indiana and other bituminous fields is a fair price. It will yield a reasonable profit to the operators and to the consumer it will refute the prices which have been characterized as 'outrageous.' This step taken by the president will make unnecessary at least for the time being the calling of a special session of the Indiana legislature. Conditions may arise which may necessitate a special session but for a month at least the matter will be laid aside from our consideration. With what must be considered a fair price for coal I advise all of our people to begin to lay in a coal supply for this winter."

high. Prices recently have ranged far above the \$3 limit.

The fixing of prices was the president's second step in the direction of coal control and was taken under authority given the executive in an amendment to the food control bill. The first was taken yesterday, when the president named Robert S. Lovett as director of transportation and approved an order issued by Mr. Lovett directing that coal shipments to the northwest be given preference over other goods.

Last night and today's action was taken as an indication that the president has abandoned a plan originally considered which called for government requisitioning of the output of all mines, with the government selling the product to the public. This procedure was strongly recommended by the federal trade

VIRGINIA COAL TO COST ABOUT \$5.50

Local Dealers Say That a Premium Product is About The Only Kind Sold Locally

BROUGHT \$7 LAST WINTER

Prices Fixed for Bituminous Coal Only—Anthracite 50 Cents to \$1 Higher Than Ordinary

The announcement from Washington today that President Wilson will fix the coal wholesaler's net profit at twenty cents a ton and the retailer's net profit at fifty cents a ton makes it possible to estimate approximately what the price of coal will be here next winter.

The new regulations indicate that Virginia coal will cost about \$5.50 a ton. It may be something under that figure or it may be over that amount. Last winter Pocahontas, a good grade of Virginia coal, was selling for \$5.00 in October; by November it was up to \$6.00 and by the first of January, \$7.00.

Local coal dealers handle no bituminous coal except that from Virginia, when they can get it. There were times last winter when they could not buy it and as a result some Indiana coal was shipped in. They say that people will not buy Indiana coal here. Coal mined in this state is not used here except by factories and a few others who buy in car load lots direct.

The prices fixed by the president deal only with bituminous coal. There has been no attempt thus far to regulate the price of anthracite and coal dealers here do not believe that there will be. They say that the price of hard coal is only about fifty cents to a dollar a ton higher than the ordinary price.

Coal in prepared sizes is listed at the Virginia mines at \$2.25 a ton. The freight will range from \$1.70 to \$1.80 a ton. The wholesaler is entitled to twenty cents a ton and the retailer will add on from fifty to sixty cents a ton overhead expenses, which will cover losses in shipment and handling. Then there should be added to that fifty cents a ton net profit which President Wilson will allow the retailer. Counting the maximum in each case, this makes the sum of \$5.35.

One Rushville coal dealer said today that all retailers here bought what was known as a premium coal from Virginia mines, which cost about twenty cents more on the ton. If this extra is still added, it would bring this kind of coal to \$5.50 or more.

In case any Indiana coal in prepared sizes is used, it will cost from \$4.25 to \$4.50 a ton. The price at the mines is fixed at \$2.20 and all additional costs would be the same, with the exception of freight, which ranges from sixty to eighty cents a ton, according to the district from which it comes.

ONE KILLED; TWENTY INJURED

(By United Press.)

Toledo, Ohio, Aug. 22.—One man was killed and 20 injured six probably fatally when a Toledo and Ohio Central excursion train from Columbus jumped the track near Lima City, ten miles south of here today. The dead man was a member of the train crew. The excursion train was crowded with grocers from Columbus and other towns.

BOY SENT TO PLAINFIELD

Eddie Gilson, 15, Robbed Savings Bank—Girl Sent to Home.

Eddie Gilson, 15, son of Mrs. Blanche Gilson, was sent to the Boys' School at Plainfield today in juvenile court on a charge of petit larceny. Young Gilson about a month ago broke into the home of Lewis Hunter and obtained \$2.10 in pennies from a small savings bank.

Flora Louise Lafara, adopted daughter of Mr. and Mrs. Will Lafara, was made a ward of the court and sent to the Gordon's Orphans' home at Shelbyville.

CO. B REACHES HATTIESBURG

Local Unit First of National Guard Troops to Arrive at a Permanent Camp.

REACHES THERE EARLY TODAY

Private W. D. English Describes Trip Down in Letter Mailed at Memphis Yesterday.

(By United Press.)

Camp Shelby, Hattiesburg, Miss., Aug. 22.—One hundred and forty-five men and three officers comprising Company B, Fourth Indiana Infantry of Rushville arrived early today at Camp Shelby. So far as is known they are the first of the national guard troops to arrive at a permanent camp or cantonment for training.

Four hundred and fifty Kentucky troops arrived this afternoon.

Editor's note—The following communication from Private W. D. English was mailed yesterday from Memphis, Tenn., at 11:30 a. m. The special train carrying Company B, Fourth Infantry made exceptionally good time for a troop train. The Republican will print articles frequently by Private English regarding the activities at Camp Shelby.

On Board Company B's Special Train, Aug. 21.—After riding all night we are now going through the best part of Tennessee. The country is good to look at but about the only white articles to see is the whitewash on the buildings. They don't seem to use much paint in this country.

We had our breakfast this morning in Kentucky and consisted of corn beef hash, commonly called "embalmed beef" in the army, bananas, oranges and strawberry preserves, the latter of which made us all think of Rush county and the good people there.

I think at this time, after having mentioned breakfast that it is a good time to thank the people of Rush county for the good dinner served us and also for the lunches that were put up for us, as they were certainly appreciated. We will stop in Memphis, Tenn., at eleven-thirty o'clock and have mess.

The cook car has been fitted up and the only trouble is for the cooks to stay on their feet and not upset the food.

Everyone seems to be in good spirits and either spends the time writing letters and cards home or having fun out of some other fellow. One good-hearted fellow was sent from one end of the train to the other looking for some pink radium to use as a disinfectant.

Several of the men seem to think that the cotton plants are potatoes. We are now pulling into Memphis so I will next write from Camp Shelby.

Rome, Aug. 22.—Prisoners in General Cadorna's offensive reached a total of more than 13,000 men this afternoon. The war office announced 30 guns and a great quantity of supplies had been taken.

PROTESTS AGAINST PARKING OF AUTOS

Harry G. Francis Appears Before Council, Calling Attention to Aggravating Practice

URGES SOMETHING BE DONE

Fixing of Tax Levy Postponed to Aug. 31—May be Reduced Five Cents For 1918

A strong protest against the parking of automobiles in front of the business houses in Main street, especially on Saturday nights, was made to the city council last night by Harry G. Francis, of the Charles E. Francis Company.

"This practice," said Mr. Francis, "is making a very aggravating condition to autos and other vehicles passing along these streets, particularly on Saturday night or special occasions. It is not fair or just to others entitled to the use of the streets and is not fair to the merchants as it prevents their stores from being easily accessible as they should be and certainly works to their detriment although they may not complain for fear of losing trade. The autos should be compelled to park on side streets and around the court house. The law requiring the use of dimmers or special glass for headlights should also be enforced especially in the business district."

Mr. Francis stated that last Saturday night he was compelled to walk back a distance of one and one-half squares in order to do his trading at a certain store because he was unable to drive up in front of this store.

The automobile parking trouble has been up before the council many times, but thus far a solution of the problem has not been made. It was suggested last night that the same plan be followed as is used at Kokomo. There the machines are all parked around the court house, using only the side next to the building. The autos are placed eighteen inches apart and are compelled to park straight into the curb. No action was taken last night, but the council agreed that it was a problem that would have to be met sooner or later and some plan may be agreed to before long.

Last night was the original date set for the establishing of the city tax levy and annual budget, but as the county auditor failed to certify the amount of taxables in the city on which the city can levy, the matter was postponed until Friday night, August 31. In the meantime the finance committees will work on the budget and have everything in shape to pass the tax levy. The present city levy is \$1.15. This may be reduced five cents.

The leak in the gas mains in Main street is again bothering the city and as a result the street lights have not been lighted for the past two weeks. The state gas inspector will be notified once more and an effort made to find out where the leak is. The condition as it exists is dangerous.

The Eleventh street paving trouble was threshed out, the council coming to an understanding that A. L. Tribble, the contractor should go ahead with the work. Under the plans the street made a turn and in doing so took about 18 inches of the city's property. The council believed it was too late to remedy the fault.

The Big Four railway which has been obtaining city water for its engines, asked the city to figure on supplying the company with river water. The water bill of the railroad amounts to about \$5 a day under the present arrangement and a change will be necessary. The water and light committee will investigate.

The water and light committee was also empowered to purchase a

WARN AGAINST FALSEHOOD IN AN AFFIDAVIT

Members of County Selection Board Say They Must Notify Federal Officials.

TWO INSTANCES LOCALLY

Both Will Likely be Withdrawn, It is Stated—Severe Penalties Are Provided.

QUOTA IS PROBABLY PASSED

Twenty of First Twenty-Two Men Pass, Most of Them Being Men With Claims For Exemption

ACTION BY BOARD

The official action of the board in examining the second group of men on the third call yesterday will be found on page two today.

The county selection board today called attention to the seriousness of signing an affidavit filed by a claimant for exemption from the draft, in which false statements are made.

The board has specific instructions to call the attention of the federal authorities to cases where it is known affidavits containing falsehoods have been signed and placed on file.

The penalties are heavy, both for the claimant and the person signing the affidavit. They are given in full on the back side of the affidavit.

In one instance a penalty of imprisonment for one year is provided and court martial if the person is of draft age. In case of conspiracies a fine of \$10,000 or imprisonment for two years or both are provided. Persons found guilty of perjury in connection with the signing of an affidavit are subject to a fine of \$2,000, and imprisonment of not more than five years.

The board today authorized the statement that two affidavits have been filed in which it was known false statements have been made. The board is obligated by its oath to report these to federal authorities. It is stated that these two affidavits in question will most likely be withdrawn.

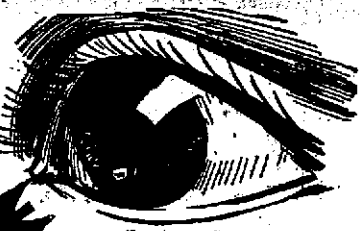

All affidavits before the board will be examined by the district board and if in other cases falsehoods are discovered, the person making them as well as the person signing the affidavit is liable to punishment. The Indianapolis district board announced today it would prosecute.

The local exemption board finished work of examining the last forty men this afternoon included in the third call. Indications are that the county has passed its quota and the men examined and passed will be held for the next draft in the order in which they were drawn.

A total of twenty-two men had been examined up until noon today. Of these twenty-two all passed the physical test with the exception of two men—Louis C. Hiner of this city and William H. Brown of Fairmount. It is expected that the board will take up some of the exemption claims tomorrow.

The twenty men who had passed the examination today were as follows: Porter Wifegard, Rushville; Lewis D. Coen, Manilla; Robert R. Knights, Rushville; Dora Gwinann, Rushville; Darley Wendling, Manilla; Vern Dolan, Fairmount; John Heckman, Rushville; Orba N. Warrick, Rushville; Denzil C. Hill, Rushville; Edwin A. Tarplee, New Salem; Jess G. French, New Salem; Henry J. Lingg, Glenwood; Dolph T. White, Rushville; Jesse A. Wall, New Salem; Robert Tatlock, Rush-

FIRST UTTERANCE SINCE PEACE PLAN

Washington, Aug. 22.—The first formal utterances from any member of the president's cabinet since the pope's peace proposal was received, came today in a scathing denunciation of the peace movement launched in this country. Secretary of Commerce Redfield was the spokesman.

Germany he styled a desperado among nations and declared it was against her militant autocracy that America was fighting.

"In this terrible combat democracy trembles on the edge of disaster," the secretary wrote to a member of the pacifist organization.

MRS. RICHARD FLOYD DIES

Expires at 10:30 This Morning
From Spinal Meningitis

Mrs. Maude Floyd, colored, 30 years old, wife of Richard Floyd, died this morning at 10:30 o'clock at her home in West Seventh street, following an illness of twelve weeks from tubercular meningitis. Mrs. Floyd had been in a critical condition for some time and her death was expected. Besides her husband, she is survived by her parents, Mr. and Mrs. Hamilton Overton and one brother, Thomas Overton. The funeral services will be conducted at the Second Baptist church Friday afternoon at two o'clock and burial will take place in East Hill cemetery.

AUSTRIA'S TOLL 35,000

With the Italian Army, Aug. 28.—Austria's terrible toll of casualties in the Italian advance today reached 35,000 in dead and wounded according to headquarters estimates.

Italian troops have swept the enemy from five villages. All were found smoking heaps of ruins burned by the Austrians and shattered by artillery fire.

DRUG STORE IS CLOSED

The Court House drug store, owned by Paul H. McConnell, has been closed and turned over to the holders of the mortgage against the place, the Kiefer-Stewart Company of Indianapolis. It is understood that the liabilities greatly exceed the assets and Mr. McConnell will make no effort to redeem the property.

WARN AGAINST FALSEHOOD IN AN AFFIDAVIT

Continued from Page 1.

ville; Herbert Stevens, New Salem; Orville H. Porter, Rushville; Lewis J. Sadler, Rushville.

The usual large number of claims for exemption were filed, as a large part of the men were married.

Yesterday's examinations resulted in five men being passed who filed no claims for exemption; twenty-eight passed who filed claims and discharge of four men. Thirty-seven were examined. Only one man failed to appear—Charles Na—not required to appear for examination of this city. Naden is said to be out with some race horses at the county fairs. If he does not appear for examination within ten days his name will be certified for service in the army, as is provided by the rules and regulations.

Two men on yesterday's list are in the service and therefore were not required to appear for examination.

The only word today from the district board, in session at Fort Wayne, was a request that all papers sent to the board contain both the order number and the red ink serial number. The attention of attorneys was called to this request. With both the order number and the serial number the district board can accomplish its work easier.

A striking contrast in the manner of the draftees is shown in a communication from Local Board, No. 5 at Indianapolis on the examination of William Gross of Carthage. Gross received permission to be examined in Indianapolis. He was rejected, but asked for waivers on the examination, stating he desired to go to war. The result of his examination was certified to the local board with the recommendation that there was no way Gross could "waive" himself into the army. His attitude is quite different to many of the men examined.

The first claim for exemption from an ordained minister has been made to the local board. The Rev. Omar H. Folger, a minister of the Friends church in Carthage passed the physical examination and then filed a claim for exemption on the grounds of being an ordained minister.

Thus far only one man has filed a claim because of religious prejudices. This was Jesse L. Ruefenacht, who says he is a member of the Church of God, which church does not approve of war. Ruefenacht evidently did not believe the claim would have much weight with the board for he immediately filed a claim on the grounds of dependency.

Webster's Carbon paper. L. C. Miner.

GARGOYLE
Mobiloids

Your New Car

The first 1,000 miles is the most critical period in its life. Until the moving parts are fully adjusted to each other, they need constant watching. If well maintained your car will run better the 2,000th mile than the first.

Let us watch it during its first 1,000 miles and save you serious trouble later on.

Correct Lubrication is an important factor. The correct grade of Gargoyle Mobiloids will be your best protection during the first 1,000 miles—and every mile thereafter.

THE BUSSARD GARAGE

Attention Mr. Farmer

Vaccinate your hogs with the Swine Breeders Pure Serum made at Thorntown, Indiana, and be assured of good success in your vaccination.

We administer serum for \$1.75 a hundred or 1 3/4 cents a cc. for non-stockholders. That is, put in the hog, and \$1.35 per c. c. for stockholders. This is strictly a high class serum and gives the farmer good insurance against the ravages of HOG CHOLERA. We are prepared to answer calls for vaccination at all times and have an office with the Nipp Insurance Co., over the Rushville National Bank.

"APARTMENT 29"

The Weber Always Leads

ABOUT 1845, when the first Weber was built, you could not buy a better wagon than a Weber. There were no better built. Weber made "the best" his standard.

That was over seventy years ago, but the standard has been the same every year since. You know that, from the good work you have seen Weber wagons doing. You know they have been always popular.

We can show you, if you come in, that "the best" is the Weber standard to-day. We want to show the wagon to you in the up-to-date form, with every improvement, some of which you can't find on any other make of wagon.

You can see, here in the store, the new fifth wheel, the folding end gate, the link end rods, the strong construction of gears, wheels, and boxes. Come in the first chance you have and see this wagon.

**What Wheat Campaign Means**

Increasing the wheat acreage in
Indiana twenty-five per cent means
the sowing of 2,800,000 acres of
wheat this fall. Although the acre-
age seems large, it is not in the
light of an analysis made in a
statement from Purdue university.

There are in Indiana, 215,800
farms. If the above wheat acreage
were equally distributed, there
would be only 13.4 acres on each
farm. The average farm contains
98 acres. If we discard 40 per cent
of the land as being unsuited to
wheat production we could grow
3,000,000 acres and still only grow
wheat on the same land once every
four years. Surely this is not too
often.

Many farmers are now getting
\$75.00 an acre for their wheat crop.
There are some, of course, who are
not doing so well, but on the aver-
age, farmers of the State are mak-
ing more money on the wheat crop
than ever before. This is stimulating
a great deal of interest and the
guarantee of \$2.00 per bushel which
the government has placed on the
crop to be seeded this fall is suffi-
cient argument that the wheat is
needed.

Many farmers who have usually
grown a large acreage of oats will
this year sow considerable wheat.
Many farmers in Benton, Newton
and White Counties have made this
decision as is shown by the many
inquiries about seed that are daily
coming to J. C. Beavers State Lead-
er of Wheat Campaign. In these
sections 60 bushels of oats to the
acre is considered a good yield. At
present prices such a crop would be
worth about \$34.00 an acre. This
same land will produce 20 and 25
bushels of wheat to the acre. At
\$2.00 per bushel wheat is much
more profitable than oats and for
this reason a greatly increased
acreage of wheat will be sown this
fall.

By sowing some wheat instead of
all oats, labor is better distributed
at harvest-time, as wheat is cut
before oats. It is also easier to
obtain a good stand of clover in
wheat than in oats. These are
points which thinking farmers are
carefully considering and will add
much impetus to the increased
wheat production movement.

Buy in Small Quantities

Buy flour in small quantities and
protect it carefully from spoilage,
is the keynote of a suggestion that
comes from the United States De-
partment of Agriculture. It is a
pertinent point in connection with
the nation wide campaign to save
one-third of the normal wheat sup-
ply of the nation.

Sound flour, milled from standard
wheat, exhibits very little tendency
to decompose when stored in a pro-
per manner. Nevertheless there is
considerable loss of flour through
spoilage as a result of improper
storage, particularly during the hot
summer months.

Housekeepers on the farm and in
the city should purchase flour in
accordance with their present needs,
only, the State Council of Defense
urges. It is false economy for the
housekeeper to purchase larger
amounts of flour than can be used.

LIEUT. GREEN IS**ONLY OFFICER LEFT**

Captain Don McClelland is Ordered
to State Fair Grounds Where
Fourth is Mobilized

EXPECT ORDERS ANY TIME

Officers of Sanitary Detachment,
However, Will Try to Remain
Here Until Equipped

Lieutenant Lowell M. Green was
the only officer above a sergeant
left with the sanitary detachment
today since Captain Don McClelland
was called yesterday afternoon to
the state fair grounds, where other
units of the Fourth Regiment, In-
diana National Guard, are encamped.
Major Carey, Lieutenants Sam
Murphy and W. W. Gochanow and
Sergeant Clifford Gottman were or-
dered to the fair grounds Satur-
day, August 11.

Orders are expected momentar-
ily for the detachment to proceed
to the fair grounds or Fort Harrison
where other units of the Fourth
will be transferred to in a few days.
However, officers of the detachment
are trying to hold their men here
until equipment is received.

It is believed, though, that the
detachment is likely to be the one
called because the Fourth is with-
out a medical unit of any sort at
the mobilization camp.

There is some talk among officers
at the fair grounds of the detach-
ment being sent to Hattiesburg,
but the belief is uppermost that the
medical unit will be at the fort for
a few weeks before proceeding to
Camp Shelby.

The men of the Fourth at the
fair grounds are being given their
second typhoid inoculation this week
and the smallpox vaccinations which
proved negative are being given
again.

Companies of the Fourth are
rapidly being raised to war
strength. Many of them entered the
mobilization camp short a number
of men. A recruiting campaign is
being conducted by the regiment in
Indianapolis and a number of re-
cruits are being received daily.

One man who applied for enlist-
ment this week said that he had lost
three brothers and two sisters in the
war. His brothers were in the
British army and his sisters were
killed in England in Zeppelin night
raids. He was rejected on account
of physical disabilities although
very anxious to go, but declared
that he was going to try to join
some base hospital.

within a reasonable length of time.

Any storage of flour in excess of
the consumer's present need consti-
tutes hoarding, which under cir-
cumstances is an unpatriotic and
reprehensible practice, of no profit
to the individual who thus offends
and threatening serious injury to
the best interests of the country.

"If we eat more than our share
we eat somebody else's share,"
reads a poster distributed broad-
cast in England. It is supplemented
with the further statement: "Save
the bread and the bread will save
you." Both propositions are as
applicable in Indiana and America
and it is the hope of the food ad-
ministrators that it will not be nec-
essary to make any harsher presen-
tation of these truths.

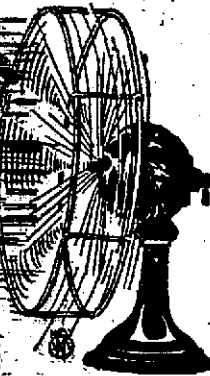

A real humorist has been found
in the person of a registrant who
broke into the Chicago Tribune
with the assertion that he expected
to nominate his wife as a candidate
for president because by signing
exemption affidavits on behalf of
herself and her two babies, she
kept him out of war.

MAKE UP ASSESSMENTS

Hammond, Ind., Aug. 22.—A
small army of clerks is at work in
the city treasurer's office compiling
the fall assessment rolls. The roll
will amount to over \$250,000.

FARMERS TRUST COMPANY
RUSHVILLE, INDIANA

No. 1304

THIS IS TO CERTIFY THAT John Doe
has this day deposited with the **FARMERS TRUST COMPANY, RUSHVILLE, INDIANA,**
One Thousand Dollars, payable to
the depositor or order Twelve (12) months from date, with interest at the rate of 4%
per cent. per annum upon the surrender of this Certificate properly indorsed.

If this deposit is not withdrawn on the date of maturity, a bank draft in payment of accrued interest will be sent on that date to the reg-
istered holder of this Certificate at the last address given, and this Certificate will be considered renewed for a similar period and on
the same conditions, and will so continue until presented on a maturity date. The Farmers Trust Company reserves the right to redeem
this Certificate on any maturity date by giving notice of such intention, in writing, to the registered holder at least sixty (60) days before
such maturity date.

DATED January 24, 1917
RUSHVILLE, INDIANA

FARMERS TRUST COMPANY
Specimen
PRESIDENT
SECRETARY

Advantages of Our Self-Renewing Certificates

1. This Certificate can be renewed from time to time by simply HOLDING THE CERTIFICATE and thus make it a permanent investment.
2. It relieves the holder from any annoyance of collecting interest and having the Certificates renewed at every maturity date. We mail you interest check to your last known address on each maturity.
3. This Company will make loans to the face value of the Certificate.
4. There is absolutely no speculative value to these Certificates and they are not affected by the rise and fall of the security market. THEY ARE ALWAYS WORTH PAR.
5. We claim to pay you on this Certificate the highest rate consistent with absolute safety and permanence of the principal.

Farmers Trust Company**Your Personal Appearance****Everybody Notices It**

It's a fact—you can't walk along the street or road without someone taking note of your personal
appearance. And personal appearance is a great asset in this world. Your efforts are discounted if
you don't stack up in appearance.

You can't impress your personality on the public if you shamble around in a "mussy" suit of clothes.
You should have your suits regularly

Cleaned and Pressed

Correct, neat appearance is evidence of a concise, orderly mind. Slovenliness
without begets sluggishness within.

Don't discard the old suit until you bring it to us. Let us see what we can do for it first.

Notice of Ditch Letting.

Notice is hereby given that the Trustee of Rushville Township, Rush County, Indiana, will at his office in Rushville on

the 8th day of September, 1917, at 2 o'clock p. m., receive bids for the improvement by cleaning and repairing the following ditches:

Daniel Brown Tile Drain.
To Rebuild Outlet Wall.

Plans and specifications are on file in my office showing the number of cubic yards of excavation, where excavation is necessary, and the work to be performed in making such repairs, by sections of one hundred feet.

The successful bidder shall, within three days, be required to enter into a contract and give bond with two freehold sureties in a sum not less than double the amount of the contract so awarded.

JAMES V. YOUNG,
Trustee of Rushville Township.
Aug 16-22

NOTICE TO BIDDERS

At their meeting September 7, 1917, the Board of Trustees of the Indiana Soldiers' and Sailors' Orphans' Home, Knightstown, Indiana, will receive, open and consider bids on the following class of supplies for the Home for the months of October, November and December, 1917:

Groceries; Canned Goods and Dried Fruits; Meats; Butter; Cheese; Coffee; Crackers; Flour; Feed; Oil, Etc.

At the same time and place bids will be received for hauling coal for one year beginning September 9, 1917.

Specifications will be furnished on request.

T. F. BOITZ, Steward.

SOCIAL POSTPONED UNTIL THIS EVENING

Threatening Rain Makes It Necessary to Call Off Festival at Carthage Tuesday Night

SAME PROGRAM FOR TONIGHT

The community social, which was to have been held at Carthage last night, was postponed until tonight on account of the rain. Jack Knecht, chairman of the committee on arrangements, went to Carthage early yesterday afternoon and about seven o'clock in the evening, when rain threatened here, he was called by telephone to learn conditions at Carthage. It was found that a rain was impending there and it was decided best to hold off the festival until tonight.

The delegation will leave here tonight at seven o'clock, just as it had been planned to do last night. The Odd Fellows band will accompany the Rushville crowd and will give a concert. The Christian church congregation at Carthage had made elaborate arrangements and a large crowd was assured before the rain came up. The postponement was advertised in Carthage last night and today and it is expected that a large crowd of people will be on hands tonight. Chauncey Duncan will make a brief talk.

SETS RECORD HIGH PRICE

Perry Gosnell of Orange Township Gets \$19.60 For Hogs

Perry Gosnell, a well known Orange township farmer, holds the record for high hog prices in the Indianapolis market. Monday Gosnell sold 125 head for \$7,178.28. The total weight was 36,680 pounds and they brought the record price of \$19.60 a hundred pounds. The Milroy Stock company shipped the hogs and an Indianapolis commission firm sold them to a packing company at Wheeling, W. Va. The price paid Gosnell is more than has been paid for many a good farm.

PROTESTS AGAINST PARKING OF AUTOS

Continued from Page 1.
new pump for the river service. The pump will cost close to \$500. One pump is now in working order, but for emergencies the second pump is desired.

The council took no action on the purchase of a light chemical truck for the fire department. The members of the council agreed that they should first see one of the trucks in operation before buying.

For the second time no bids were received on the construction of the proposed sewer in the west part of the city. In an effort to get some bids the estimate was raised ten per cent, making it now stand at \$884.50. Bids were readvertised for Sept. 18.

At the close of the session the council cut a melon—watermelon and muskmelon. Councilman Waggoner was "accused" of having sold a piano yesterday and thus the treat. One large watermelon and a half dozen muskmelons were consumed in the feast.

An ice cream social will be held in the G. A. R. hall at Andersonville Friday night, Aug. 24 for the benefit of the Sunday schools of Andersonville. 135t3

DETACHMENT MAKES OVER \$200 ON DANCE

Ball For Benefit of Sanitary Unit's Mess Fund Is Attended by a Large Crowd

USE OF K. OF P. HALL DONATED

The sanitary detachment made over two hundred dollars on the military dance given by the detachment at the Knights of Pythias hall last night for the benefit of their mess fund. Many who bought tickets did not attend, but added their mite to the mess fund by purchasing one. Men of the detachment ran a refreshment stand which cleared money to meet the expense of the music. The use of the hall was donated.

Officers who were commissioned at Fort Benjamin Harrison, here on a short leave, attended. At least, a hundred couples were dancing most of the evening to lively music provided by a trio of colored musicians from Indianapolis. One of them entertained by singing comic songs. The one which was the most popular with the crowd of dancers was "Long Boy," a poem by William G. Herschel of the Indianapolis News which has been set to music.

RAINFALL COMES AS BLESSING IN COUNTY

Yield of Corn Increased Because Crop Was Greatly in Need of Moisture, Farmers Say

LIGHTNING HITS STRAW STACK

The rain of last night and today, which fell in all parts of Rush county, came as a blessing because crops were badly in need of moisture. In the opinion of many farmers, the rain increased the yield of corn because this crop in particular was suffering greatly from the lack of it.

In some parts of the county last night there was considerable lightning and thunder, but no damage of any consequence was reported. Lightning struck a straw stack on Cary Putton's farm south of Rushville last night and the stack burned.

Continuation of the rain was predicted today. The weather forecast said there would probably be thunder storms tonight and that tomorrow would probably be partly cloudy accompanied by higher temperature.

Spread the Meat Flavor
Spread the meat flavor and so economize on the amount of meat consumed, says the United States Department of Agriculture. Here is one way to utilize left-over meat by spreading its flavor.

Meat and Bread-Crumb Cakes
To four parts of chopped or ground meat, add one part soaked bread-crumbs, a small quantity of chopped onion, and salt and pepper to taste. Mix and form into small round cakes. Brown the cakes in butter or other fat, turning them.

Raw ground meat may be used. If so the pan should be covered so that greater heat will be applied.

"More Workers" is Call Red Cross Issues to Women Here

"More workers" is the call of the local Red Cross chapter to the women of Rushville. To do your bit as a worker means to go to the Red Cross headquarters at the Masonic Temple and sew any or every afternoon for a short or long period of time. There is absolutely no responsibility attached to you offering your services. The work is carefully planned and your part will be explained to you so that it will be comparatively easy. In view of the great need for supplies imme-

diately, the number of workers at the headquarters for the past few weeks has not been what it should be. All of the women of Rushville are urged to respond to the call. The rooms are open every afternoon from one o'clock until five, and for those women who know the plan of the work without the supervisors being there, the rooms are open in the mornings.

Careful planning and excellent supervision are partially responsible for the great amount of sewing which has been accomplished. Mrs. Phil Wilk is in charge of the sewing. Mrs. H. G. Francis is in charge of the cutting and the following women are supervisors over the work for one day each week: Monday, Mrs. Willard Amos; Tuesday, Miss Jessie Monjar; Wednesday, Mrs. T. M. Green; Thursday, Mrs. Greely Mauzy; Friday, Mrs. B. A. Black and Mrs. Ed Crosby.

No branch of the work has succeeded more than the auxiliaries which are in charge of Mrs. A. L. Stewart. Each of them has been working vigorously and sending in supplies to the local chapter. Yesterday a box of garments, excellently made, was received from the New Salem auxiliary.

The surgical dressing classes, under the supervision of Mrs. A. G. Reeve, meet every Monday, Wednesday and Friday afternoons. One may enter the classes at any time. The great need for these bandages should encourage women and girls to aid in this work.

11 ARE KILLED IN AIR RAID

(By United Press.)

London, Aug. 22.—Ten enemy aeroplanes raided England today dropping bombs over Dover and Margate. Lord French, commander of the patrol forces, announced that two of the German planes had been brought down. The raid occurred at 10:15 o'clock this morning.

This afternoon Lord French announced that 11 persons were killed and 13 injured in the raid.

Notice to Contractors.

Notice is hereby given that the Common Council of the City of Rushville, Indiana, will receive sealed bids or proposals for the construction of an eight inch sanitary sewer from the corner of Second and Washington streets, west to corner of Second and Oliver streets, thence north with an eight inch sewer about one hundred and seventy feet, thence north on Oliver street with a six-inch sewer to a point about fifty feet south of Third street, according to the drawings, plans and specifications now on file in the office of the City Clerk until 7:30 o'clock p. m. on the 18 day of September, 1917. Each bidder must file with the City Clerk of said City when he files his bid the usual statutory affidavit and deposit with him the sum of (\$100) one hundred dollars as a guaranty that he will accept said bid and carry out the construction of said work. The successful bidder will be required to give a bond with surety approved by the said Common Council, insuring the faithful completion of said work according to the contract.

The Board reserves the right to reject any and all bids and to advertise for said work.

Aug 22-23 CARL L. GUNNING, City Clerk.

Mrs. James Gregg, assisted by Mrs. Selman Webb, Mrs. Charles Worth, Mrs. George Suits of Knightstown and Mrs. Henry Gregg entertained with a military luncheon yesterday evening at six o'clock at her home in North Harrison street. Flags were used in profusion to decorate the entire house and the walls of the dining room were draped in flags. The militant spirit was also shown in the decorations of the table. A large bowl of gladioluses embellished the center of the table and small silk flags marked the places for the following guests: Lieutenant and Mrs. Lowell M. Green, Leland Davis, Samuel Gathman, Joseph Conrad, William Worth, Thomas Foster, Forest Joyce and John Hermansdorfer. The dinner was served in three splendid courses.

Miss Marie Clark entertained with a steak roast last evening at her home in North Sexton street, honoring Miss Marjory Thomas of Omaha, Neb. The party had planned to go to the woods for the affair, but on account of the inclemency of the weather, they gathered at the home of Miss Clark and enjoyed a delightful evening. The guests included the Misses Thomas, Mary Louise Bliss, Phyllis Dean, Marjory Clark, and Harold Wolcott, Howard Stiers, Paul Thorp, Lotus Gartin and Clifford Stevens.

Mr. and Mrs. John A. Tittsworth entertained the members of the Worth While club last evening with a pitch-in supper. After supper the guests whiled the hours away over Rook. The guests included, Mr. and Mrs. S. F. Stewart, Mr. and Mrs. Louis Lambert, Mrs. Jesse Pugh, Mr. and Mrs. G. P. McCarty and the Rev. and Mrs. C. M. Yocum.

The Band of Workers of the First Presbyterian church will sew at the Red Cross headquarters, Thursday afternoon. A large attendance is desired.

Mrs. P. H. Chadwick entertained

BERLIN SEES NO HOPE FOR PEACE NOW

Dispatches Indicate This Pessimistic View Following Chancellor's Speech

POPE'S MOVE NOT INSPIRED

(By United Press.)

Amsterdam, Aug. 22.—Berlin sees no present hope for peace despite Pope Benedict's plea. Dispatches from Berlin indicate this pessimistic view by the public, following Chancellor Michaelis' speech to the main reichstag committee, portions of which appear in this morning's newspapers.

"The enemy's war aims prove their desire to annihilate Germany," Michaelis was quoted as declaring, "Therefore no present desire for peace exists, up to the present time there has been no effort to deliberate with our allies regarding the pope's note."

Michaelis denied that the pope's note had been inspired by the Central powers and in conclusion he declared that Germany's alliance with Russia was now stronger than ever.

WHOLESALEERS WILL BE ALLOWED TWENTY CENTS

Continued from Page 1.

commission, and up until last night it had been believed it would be the program adopted. The president's order apparently makes no provision for a pooling arrangement, which had been suggested, under which mines would have been paid for their output on a basis of cost of production plus a percentage of profit. Under this plan all coal in a district would have been sold at the same rate, but the mines would have received compensation based solely on costs. The plan adopted, officials admitted, will work hardships on a great many of the smaller mines and may force some to close down.

both occurred yesterday, Miss Alleine Murr and Paul Stewart entertained with a lawn party last evening at the Methodist church in Milroy. About fifty guests were entertained, games and contests being features of the evening. Delicious refreshments were served late in the evening.

Mrs. Charles Frazee entertained two tables of the Tuesday afternoon

Bridge club, yesterday at her home in North Main street. Dainty refreshments were served and Mrs. Hillary Haydon will be hostess to the club in two weeks.

The Ladies Aid Society of the Catholic church will meet with Mrs. Joseph Buschmohl, Thursday afternoon at her home in East First street. Mrs. Margaret Bishop will be the assistant hostess.
